WHEREAS, the City Council found all four architects to be very well qualified and excellent architects, and

WHEREAS, the City Council, after long and careful consideration, selects BALSIGER, SHEWBRIDGE AND ASSOC. PC. for the purposes herein on the basis of the following findings:

1. He has dedicated time and means over a long period of time towards the welfare of the City and continues to do so.
2. He has maintained a long relationship with the City as an advisor on numerous committees and in the process has become intimately familiar with its administration and its practical needs in a City Hall facility.
3. He has substantial experience in the area of institutional and governmental buildings.

4. The Council found his recommendations for the formation of a committee to work with the architect in an advisory capacity for the best workable design for the site and his presentation of ways the City could expand an original building as space is needed to be sound and innovative advice.
5. Each of the four firms interviewed demonstrated outstanding qualifications and a sincere interest in Wilsonville's needs, but in the Council's opinion the firm selected has a more intimate knowledge of the City's operational needs and problems.

NOW, THEREFORE, the City Council hereby resolves to hire
BALSIGER, SHEWBRIDGE AND ASSOC PC. as the architect to
design the Wilsonville City Hall. Adopted October 1, 1979.
