

RESOLUTION NO. 514

A RESOLUTION APPROVING THE INSTALLATION OF A 3" METER, 3" VALVE, METER VAULT, AND 3" BACKFLOW PREVENTOR BY A & A DRILLING FOR THE STAFFORD MOTOR INN, PAID FOR BY THE STAFFORD MOTOR INN.

WHEREAS, the city staff has prepared a report on the above captioned subject which is attached hereto as Exhibit "A"; and

WHEREAS, the City Council has duly considered the subject and the recommendation(s) contained in the staff report; and

WHEREAS, interested parties, if any, have had an opportunity to be heard on the subject.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Wilsonville does hereby adopt the staff report attached hereto as Exhibit "A", with the recommendation(s) contained therein and further instructs that action appropriate to the recommendation(s) be taken.

ADOPTED by the City Council of the City of Wilsonville at a regular meeting thereof this 19th day of August, 1985, and filed with the Wilsonville City Recorder this same date.

A. G. MEYER, Mayor

ATTEST:

DEANNA J. THOM, City Recorder

CITY OF WILSONVILLE
MEMO

August 14, 1985

DATE

TO: MAYOR - CITY COUNCIL

FROM: LARRY R. BLANCHARD
PUBLIC WORKS DIRECTOR *Larry R. Blanchard*

SUBJECT: A RESOLUTION APPROVING THE INSTALLATION OF A 3" METER
3" VALVE, METER VAULT, AND 3" BACKFLOW PREVENTOR BY
A & A DRILLING FOR THE STAFFORD MOTOR INN, PAID FOR BY THE
STAFFORD MOTOR INN.

ACTION REQUIRED: (1) Authorize the installation of:

- a. One - 3" Rockwell water meter
- b. One - 3" Clow water valve
- c. One - 3" Subco backflow preventor
- d. One UV 575 LA water meter vault

for the Stafford Motor Inn by A & A Drilling at a lump sum price of \$3,500.00. Installation price includes all new materials provided in item 1 through 4, equipment and labor. City staff will excavate meter vault site; A & A Drilling shall complete the remainder.

CONCLUSIONARY FINDINGS

1. A & A Drilling does all tapping of large mains in the City.
2. The City's costs for new materials alone was estimated at \$3,892.10 without labor and equipment.
3. The pass through savings would be to the Stafford Motor Inn, since they are acquiring water connection from the City.
4. A & A Drilling normally does all the City tapping installation for meters above 2" in size, and would tap this 3" anyway.
5. Being that A & A Drilling's equipment will be at the site to tap the main, completing the meter installation is not only efficient but cost effective.
6. A & A Drilling has a business license with the City, and is bonded and insured, as required for all taps made in the City.
